JUNE 20th-24th • TIME TBD • 12-17 Years Old

Youth Sailing Courses offer a unique opportunity for young sailors ages 12 to 17 to experience our local waterways, discover the magic of sailing, learn the skills they need to safely sail a small boat and gain an appreciation for the marine environment.

Sailing is a great teacher of life skills and students will learn about teamwork, problem-solving, cause and effect, science and technology, and much more along the way. Our certified sailing instructors will help young sailors build skills, gain confidence and self-esteem while having fun and enjoying the outdoors.

Since this is a unique and limited experience, your teen must be able to attend ALL 5 DAYS of sailing instruction and sailing operation. If your teen is unable to attend all 5 days, please refrain from participating in this experience. If your teen misses 1 day of instruction, your teen will be dropped from this experience as completing all 5 days is a necessity in order to safely and correctly operate a sail boat.
